## Why Should You Choose Gravity SPC?

### Impressive Durability

Stone Plastic Composite has the rigidity and durability of stone with the flexibility and versatility of plastic. These composite planks are engineered to perform and last throughout extreme weather conditions which make them great for applications where the room temperature varies throughout the year.

### Waterproof

Gravity SPC Essential Series is a waterproof floor. Please see the Product Maintenance sheet for more information on proper product care.

### Incredible Style

With 8 styles to choose from; it's very likely that one of the fashionable tones and modern patterns will be the perfect match for your style and your space.

### Easy to Install

Features the patented Uniclic Lock system for easy installation and a long lasting installation. For further installation instructions and information on the Uniclic Lock System please view the Gravity SPC Essential Series Installation Guide.

### Air Quality

Created with all virgin materials, Gravity SPC Essential Series does not produce odours or harmful gasses. Breathe easy with Gravity.
